

Got the Urge to Submerge?

Open Water course - NORMALLY \$550.00

SUMMER SPECIAL –

Learn to dive between January and March 2010 for \$499.00. OR pay our full fee of \$550.00 and receive a free mask and snorkel, valued at \$99.00.

Your introduction course to Scuba Diving. Experience the beauty of the underwater world and become an Open Water Diver!

Course consists of: Knowledge development; Pool sessions; Open Water training

You will receive your Open Water manual, satchel, Recreational Dive Planner and instructional booklet so that your knowledge development can begin. Your fully qualified instructors will then take you to the pool and complete your confined water training sessions. Then it is on to the fun and adventure – a minimum of four Open Water dives and once the skills are completed – the underwater world awaits your exploration as a new Open Water Diver. You will be certified to dive to 18 metres and your qualification will be recognised throughout the world.

When your course is completed you will not only become part of the world's largest dive organization but also a part of the Go Deep Scuba dive team. We have regular trips away and have an active social club.

Your course fee includes travel from Go Deep Scuba to the dive training sites and ALL the gear you will require during the course only. If we stay away overnight the cost of the accommodation is not covered in the course fee. We try to keep this to a budget of around \$25-\$30 per night.

Prior to starting your course you will need to gain medical clearance from your GP to ensure that you are fit to dive.

Payment options are available – \$100 deposit, 50% of course paid by pool sessions, fully paid by open water training or paid up front at the beginning of the course.
